

18V Multi-Battery Charger Wall Mount Template

NOTE: Please print the template at ACTUAL SIZE. Do not fit or resize the template to maintain the correct dimensions.

140mm

Mounting Instructions:

1. Stick template to wall in the desired mounting location.
2. Drill 3 x 2.5mm holes according to the circles in the template location.
3. Remove template.
4. Screw 3 x 8G countersunk timber screws OR M3 pan head screws into the pre-drilled holes. Leave them protruding by about 5mm.
5. Hang Multi-Battery Charger by the 3 screws and slide it left to lock it in place.

110mm
